

Reel Green BC serves as a gateway to information and resources that promote positive environmental practices in BC's film and television production industry.

Make-up & Hair

- ★ Favour make-up, hair and cosmetic brands that use less packaging
- ★ Where possible select make-up, hair and personal care brands that avoid animal testing and the use of ingredients that cause adverse health effects e.g. products that are cruelty-free and meet the criteria of the Compact for Safe Cosmetics
- ★ Use refills to avoid disposing of non-recyclable make-up containers
- ★ Investigate organic alternatives for make-up, hair care and personal hygiene products
- ★ Have recycling bins readily available to make-up staff
- ★ Avoid the use of aerosols containing ozone-depleting substances
- ★ Where possible purchase in bulk to avoid unnecessary travel

If you have any other suggestions, please email additional best practices or good news stories of environmental stewardship to info@bcfilmcommission.com
